SUMMARY

Motivated Computer Science Engineering student with hands-on experience in building responsive and user-friendly applications. Proven ability to design clean and intuitive interfaces while collaborating effectively in team environments. Committed to continuous improvement and delivering impactful user experiences through thoughtful design and execution

EDUCATION

B.E. Computer Science Engineering
(2023 – 2027) 7.97cgpa
K.L.N College of Engineering,
Tamil Nadu.

Fusco's matriculation Hr. Sec. School (2021-2023)

SKILLS

- **Languages: HTML5, CSS3, JavaScript,Python, C/C++, Dart**
- **Frameworks & Tools: Flutter, Firebase, Node.js, MongoDB, Git, GitHub**
- **APIs & Platforms: Google Drive API, Vercel, Render**
- **UI/UX & Design: Responsive Web Design, Cross-Platform UI, UX Principles**
- **Productivity: Microsoft Word, Microsoft Excel**

AREA OF INTERESTS

- **F**ull-stack Development
- Data Analytics & Visualization
- Research & Innovation Proje**c**t**s**

PROJECT

1. Book Sharing App — Flutter, Firebase, Google Drive API
• Built a real-time community book-sharing platform enabling users to upload, browse, and request books with images.
• Features include search functionality, Firebase Firestore real-time database, and a roadmap for chat and review systems.

2. Alexa-Like Voice Assistant — Python
• Developed a voice-activated assistant using Python's speech recognition and pyttsx3 text to-speech libraries.

3. E-Commerce Website — HTML, CSS, JavaScript
• Developed a Flipkart-style responsive e-commerce platform with product listing, search, filters, and add-to-cart features.
• Implemented a simulated frontend cart and checkout flow; planning to integrate backend login, payments, and order tracking.

INTERNSHIP EXPERIENCE

1. Frontend Developer Intern | Indolike Pvt Ltd Jun 2025 – Jul 2025
Designed and developed responsive web interfaces using HTML5, CSS3, and JavaScript following best practices.

2. Python Developer Intern | Indolike Pvt Ltd Jun 2025 – Jul 2025
Developed a scientific calculator ,a random joke generator demonstrating core and a Alexa-like voice assistant in Python programming skills

K EY ACHIEVEMENTS

- Built voice assistant, e-commerce platform, finance dashboard, and book-sharing app within a single academic year.
- · Campus Ambassador at Honeywell
- Active Member – KLN Innovation Research Park (IRP)
